# AVIATION

*Custers Hydraulica designs and manufactures access equipment for safe working at height. Our strength: more than 30 years of experience in this field! Our in-house engineering & production with up-to-date tooling & machinery as well as specialized & experienced certified welders for steel, stainless steel and aluminum result in universal & tailor-made access solutions.*

## **Our GSE program includes the following:**

- Aircraft maintenance docks & paintdocks
- Access stairs
- Working stairs
- Work platforms
- Special aluminum scaffolds
- Aerial work platforms (like custom-build vehicle-mounted scissorlifts, deicers, special lifts)

## **We are proud to work with the following customers:**

- Airbus
- Boeing UK
- Pilatus
- Maas Aviation
- KLM/Air France
- Transavia
- Fokker Technologies
- Sabena Technics
- Different Airforces

## **We developed safe access solutions for amongst others the following Aircrafts & Helicopters:**

- NH 90
- A320 family
- Cougar
- B737-B787
- Chinook
- Embraer
- EH101
- Falcon 20/50
- Apache
- F16
- Airbus C295-CN235-C212
- JSF/F35
- C130 Hercules
- KDC 10
